# Impacting Lives

## SAGE-UnLtd Annual Digest 2023

ANNUAL DIGEST

## From The **MD's Desk**

---

### **Around four years ago, we predicted three trends.**

In 2023, we have seen our predictions come to pass. There is a huge demand for entry-level white-collar workers who can handle complex issues in industries like Banking, Finance, IT, Healthcare, Logistics, etc. However, a majority of employers say that they find it challenging to find the right talent to fill these roles. On the other hand, many youth from blue-collar or rural families are willing to fill these job roles but lack the employability skills to get hired. SAGE Foundation created its job-skills arm, SAGE Skills, to bridge the gap between blue-collar youth and white-collar jobs.

- ✓ Increased automation will make many manufacturing jobs low-paying or redundant.
- ✓ Increased use of Artificial Intelligence will make many white-collar workers involved in routine and predictable jobs less useful.
- ✓ Increased complexity of the business environment will require white-collar workers to have skills like critical thinking, collaboration, continuous learning and adaptability to deal with the many unstructured problems thrown at them. We call these "Employability Skills".

We are proud to state that over the last three years, we have trained and placed 12,000+ low-income youth into white-collar jobs in the BFSI sector across India at average salaries of Rs. 2.40 Lakh – Rs. 3.00 Lakh per annum.

The last few years have also seen a fast-growing interest in the Indian non-profit and impact sectors. Many nascent entrepreneurs want to set up for-profit and non-profit organisations that provide real value for society beyond just earning revenue. There is a great need to help these start-up social entrepreneurs develop business skills and access resources and funding to enable them to scale their operations so that they can make a true dent in the social problems facing this country.

With that in mind, SAGE Foundation acquired the brand and operations of UnLtd India, which is India's oldest incubator for start-up social entrepreneurs, in 2023. Over the last 14 years, UnLtd India has incubated more than 350 social entrepreneurs (both non-profit & for-profit). Many of the prominent organisations in this sector got their initial help from UnLtd India. SAGE Foundation has the resources to greatly expand the depth of support we provide these start-up social entrepreneurs along with increasing the number that we incubate each year.

We invite you to read our annual report to learn more about our blue-collar to white-collar job-skilling projects and our social entrepreneur incubation work. More importantly, we hope that some of you are inspired to collaborate with us to greatly enhance the work we can do for society.

**Dr. Akhil Shahani**

**Managing Director of SAGE  
Foundation**

# Overview of Skills Industry

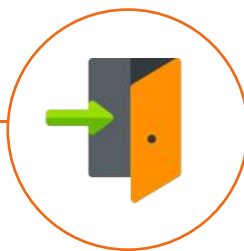

A recent report by Wheebox shows that only **50.3%** of fresh Indian graduates were considered employable. As India aims to become a **5 trillion dollar economy by 2047**, it is crucial that our youth are employable. Our current education system does not provide for the needs of companies right now. Several skills such as Digital Literacy, Data Literacy, Critical Thinking, Emotional Intelligence, Creativity and more are missing.

**SAGE Skills focuses on enabling youth from low-income blue-collar families to gain high-paying white-collar jobs.**

## Why training for Blue Collar jobs is a problem?

Low-income rural & urban students mostly trained for vocational/blue-collar jobs

Entry-level vocational jobs in manufacturing, healthcare, retail & data entry only give salaries upto Rs. 1.5 Lac per annum

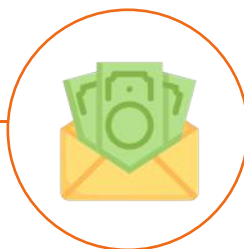

Families continue to be in the 'Deprived' category

## How does training for white-collar jobs help?

Get low-income families out of the poverty trap

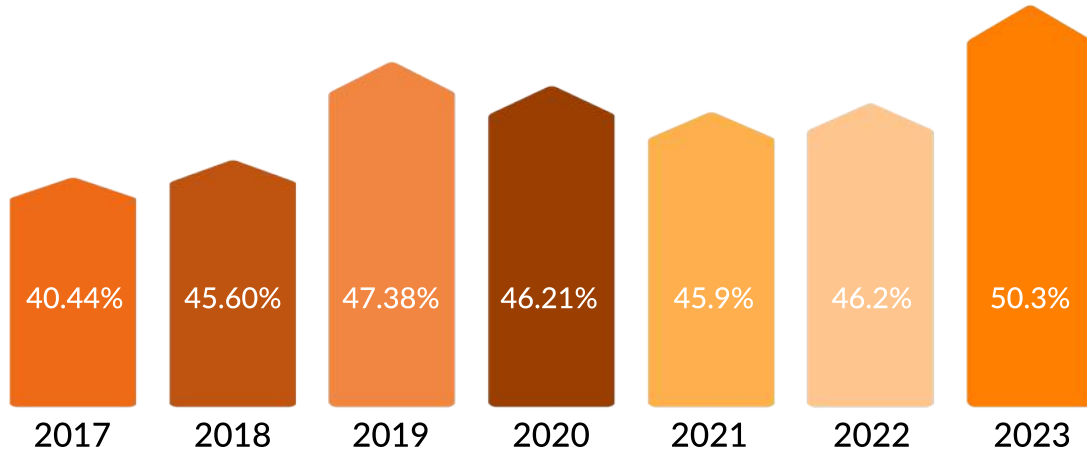

Get salaries of ₹1.50 lakh per annum and above

Moves from the "Deprived" to the "Aspirers" Category of the Indian Income Pyramid

## How has employability changed over the years?

In spite of best efforts, the employability of fresh graduates has not changed over the years.

Our Youth has enormous potential to be transformed into future-oriented, job-ready national assets. This will also pull several low-income households out of poverty.

**This is where **SAGE Skilling** steps in.**

# About SAGE

Headed by Mrs. Maya Shahani & Dr. Akhil Shahani, the SAGE Foundation is the charitable arm of The Shahani Group.

Shahani Academic & Global Empowerment (SAGE) Foundation was incorporated in 2007 to educate under-resourced children and provide them with wealth-generating skills training for gainful employment. At SAGE, we believe that the most impactful way to develop people's lives is to enable them to develop the skills to earn their livelihood. Since 2008 we've been working with partners to help educate & employ India's underprivileged population.

According to a formula created by Sattva Consulting, the average skilling NGO gives a 6.67x impact return on investment per rupee their grant funders give. The same formula shows that SAGE Foundation gives an 11.25x Impact ROI for each rupee spent.

The SAGE Foundation has built strong relationships with NGOs, corporate CSR funds, foundations, and local communities over the last over the last 3 years to train and place 12,000+ underprivileged youth underprivileged youth, and help them get jobs in the corporate world with starting salaries ranging from Rs.2.40 Lakh to Rs.3 Lakh per annum.

## Our Efforts Are Noticed by

Recognised by the Clinton Global Initiative for our work developing livelihoods in Indian villages

Presented the Jamnalal Bajaj Award for ethical practices

K.T. Shahani Ethical Excellence Award

Bharat Shiromani Award

Our Chairperson Maya Shahani received an award for Excellence in Education

REX Karamveer Gold Chakra for Education

Global Peace Initiative award

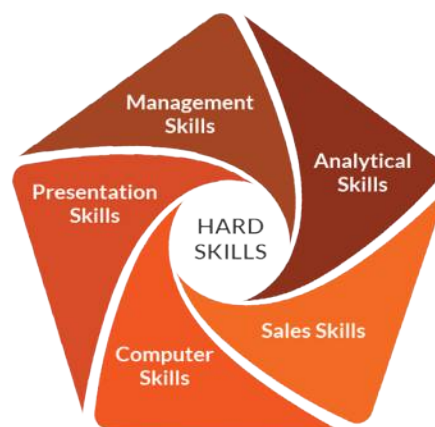

# The SAGE Way: How We Get Things Done

---

One of the primary ways that The SAGE Foundation works towards achieving its vision is by offering training programs to underprivileged graduates for high-paying white-collar jobs in the BFSI sector. This includes providing education and training in areas such as finance, business, technology, and entrepreneurship. The SAGE Foundation also offers mentorship and networking opportunities to help young people develop the skills, knowledge, and connections they need to achieve success in their chosen fields.

Mapping the skill gap is identifying the skills that are currently available in the job market and the skills that are needed to meet the demands of the job market. For this, we train our students using an AI-driven Edtech platform to develop skills in English Communications, Sales, Critical Thinking, Collaboration & Professionalism within a short 3 months' period.

#### **Vocational Training:**

Providing youth with hands-on training in banking, finance, insurance which prepares them for jobs in those fields

#### **Education and skill-building programs:**

Investing in programs that help youth improve their basic education and develop skills that are in demand by employers.

#### **Job placement and mentorship:**

Connecting youth with employers and providing them with mentorship opportunities can help them gain the skills and experience they need to succeed in the workforce

# Our Mission

Train and place over 1 million low-income youth by 2027.

A person in a dark suit is seen from behind, climbing a wide set of stone stairs. The sky is overcast with grey clouds. The text 'Journey So Far - SAGE Skilling' is overlaid on the image. 'Journey So' and 'Far -' are in white, while 'SAGE' and 'Skilling' are in orange. A thin white horizontal line is positioned below the word 'Skilling'.

# Journey So Far - SAGE Skilling

## A Data-Driven Approach To Employability - SAGE Foundation

This whitepaper explains that white-collar employers are not satisfied with the employability of fresh college graduates in India due to a lack of a common framework for employability. It suggests a possible way to solve this issue through a project implemented by The SAGE Foundation which has achieved impressive results in skilling low-income youth for jobs in the BFSI sector.

# SAGE Skilling – 2023 At A Glance

---

SAGE Skilling has made significant progress in 2023 towards its goal of building careers of 1 million low income youth.

Students Trained

3750+

Students Placed Across India

3000+

Packages offered to SAGE students: 2-4 lac pa

Launched PG Diploma in Investment Banking to help students gain key profiles in the investment banking sector

### Key Placement Partners

## Newly Added NGO Partners

# Success Stories

## Rahul Jadhav

Rahul's widowed mother works in a grocery store and Rahul is her only child. Whereas, Rahul dreams of opening his own business one day. To give wings to his dream, we provided him with the right guidance & training through the program. Prosperously, he currently works as a Customer Care Executive in Axis Securities.

## Sarthaki Achrekar

Sarthaki's father works as a third-party collection agent for banks. She has a family of 5 to support including an aged mother and two children. Sarthaki has always shown sincerity and perseverance in academics. She is determined to build a comfortable life for herself and her family. Looking at her efforts, our counselors advised her on a Banking program which she was able to complete successfully. Now, through her sheer determination and hard work, she is placed at Kotak Mahindra Bank in the Outbound Process department. Sarthaki's commitment to learning and growing is truly inspiring.

## Komal Jadhav

Komal has a family of three. Her father lost his job at a restaurant during the pandemic. Her mother works as a domestic helper with a meager salary. As a result, Komal's family faced various financial constraints. To better the situation, Komal decided to equip herself with the necessary skills to acquire a high-paying job in the banking sector. For this, she enrolled herself in our Banking program. This program provided her with adequate knowledge of the finance sector and trained her with good employability skills. Finally, she is now placed at HDFC Securities as a Relationship Manager. Her unwavering determination to achieve her goals and improve her financial condition is impressive.

## Tanvi Kulkarni

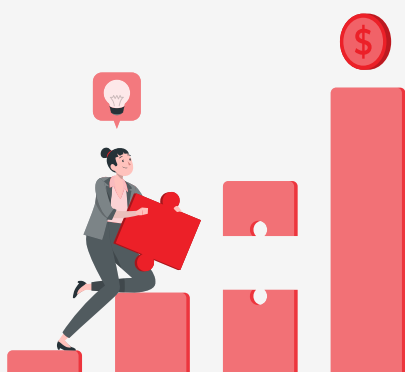

Tanvi's father is physically handicapped. He had a small business but lost everything due to the COVID pandemic. Eventually, Tanvi had to take the responsibility of providing for the family. She enrolled in our banking course to be industry-ready. She was able to learn concepts and skills necessary for the finance sector. With all this knowledge, she is successfully working as a Customer Care Executive at Axis Securities. Now, with her income, she is able to support her family and plans to pursue further education.

# Introducing UnLtd India

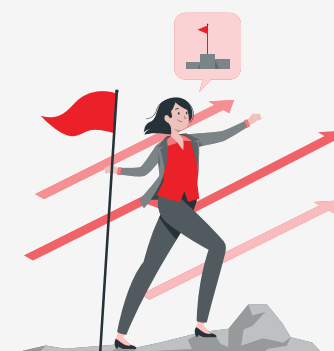

---

# Journey So far

Over the last 14 years, we are proud of the community of social entrepreneurs that we have been able to create. Our Incubation Program provides one-on-one coaching, access to mentors and funders, and peer learning, allowing entrepreneurs to make a real difference in society.

- < 325 plus Social impact organisations
- < 23 million lives impacted

- < We are the first institutional supporters to 61% of our social entrepreneurs
- < 82.4% of our portfolio continues to build and sustain their organizations
- < Over INR 31 billion funds raised by entrepreneurs since inception through grants, revenue, equity, and debt.

Our cohorts consist of:

- < NGOs -55%
- < Social Enterprises - 45%
- < Over 41% of our portfolio organizations are led by women

Our entrepreneurs work across multiple sectors, but these are the top emerging areas

- |                     |                     |
|---------------------|---------------------|
| < Agriculture - 13% | < Livelihoods - 18% |
| < Education - 26%   | < Environment - 15% |

# Our Mission

Incubate over 500 social entrepreneurs scaling their impact and growth across India by 2027.

## Our Social Entrepreneurs Say

“As said, ‘True guidance is like a small torch in a dark forest. It doesn’t show everything at once but gives enough light for the next step to be safe’. We have received such guidance from our sir, Mr Amitabh Vyas. who is an Incubation Coach associated with UnLtd India was one of the most incredible experiences we’ve had up to the point. Plastroots values your presence at every stage of our journey. UnLtd India has allowed us to spread our wings and soar to new heights. Our coach, Amitabh Vyas sir has a keen eye for detail and has helped us improve in many areas while also motivating us to work harder and more diligently. Sir, we sincerely appreciate everything you’ve done for us.”

- Kapil Jangale, Founder, Plastroots WM Solutions

---

“ The site visit with UnLtd India mentor Ramanathan V. was one of the best 3 day experiences of an entrepreneurship journey. Big thanks to UnLtd India and Anshu Bhartia for creating such a wonderful model and organising such a learning packed program :)”

- Gaurav Kumar, Founder, BigOHealth

---

“I have only one word for UnLtd India “Eye Opener “and “This program is a huge donation to us”. In the 9-month incubation programme journey, there was a lot of learning and opportunity to network. UnLtd India coach Karan Kaushik, came to visit and experience our work first hand and we also introduced him to our beneficiaries. I never had an opportunity till then, to show our work at the grass root level to the outside world, so I was very happy to showcase it to UnLtd India coach Karan Kaushik. During his visit, he also guided us in terms of how to perfectly analyse and present our work and reports. The programme is now over, and I am already missing the opportunity to learn from the entrepreneurial journeys of fellow incubation programme participants.”

- Purna Chetry , Founder, Navodya Foundation

---

“The learnings during the cohort provided a robust framework to Mimaansa’s program and its implementation and gave me an opportunity to revisit my working style across several plains. I realised I had rated myself too high early on, and the 9 months brought to my notice that there is a huge room for development and equipped us with the right skillset. ”

- Pooja Joshi, Founder, Mimaansa

---

# Unleashing UnLtd Impact

## Womens Cohort February 2023

Women represent only 14% of entrepreneurs in India.

At UnLtd India, we are committed to changing this narrative by encouraging and providing the required support to women social entrepreneurs. A very first-of-its-kind initiative, our Women's Cohort, launched in February '23, was designed to help women scale their social ventures. The cohort was a huge success witnessing 13 women entrepreneurs from all sorts of industries participating.

### Our Women entrepreneurs:

**Anita Hariharan**  
Club Artizen

**Anitha Shankar**  
Astu Eco Pvt Ltd

**Anuja Amin**  
Circles of Safety

**Aparna Pathak**  
Paakshantar

**Aradhana Sood**  
MedLumos Pvt Ltd

**Archana Pandian**  
Bhoominalam myHarvest  
Farms Private Ltd

**Bhavini Parikh**  
Bunko Junko

**Kanika Nanda**  
Agcult Foodition  
LLP

**Megha Das**  
Amounee Handloom  
Ventures Pvt Ltd

**Pinky Jain**  
MysaSpaces Pvt  
Ltd

**Shilpee Jain**  
MagHeals Pvt Ltd

**Sonal Majeethia**  
Kadamb Inclusive  
Learning Tools (KILT)

**Sugandha Bathla**  
Asha & Yogi Naturals.

### Impact & Growth Achieved

**₹21.72Cr** has been raised by the cohort so far.

**16,649+** lives have been impacted by their organisations.

**41%** revenue growth by our social entrepreneurs after joining the program.

**69%** of the cohort saw their leadership skills grow significantly.

## Climate Cohort July 2023

Climate Change is here. India is already experiencing global warming. This could have implications on the weather, health, rainfall patterns, sea level, agriculture, energy security and much more. We believe action towards climate change is necessary. Our July 2023 climate cohort is a set of changemakers working towards climate change.

### Our Climate Entrepreneurs:

**Gaurav Chakraverty**  
Urvara Impact  
Solutions Pvt Ltd

**Anuradha Kandala**  
Folkweave

**Ashwajeet Singh**  
Dejunk Private  
Limited

**Atul Raut**  
Ignited Minds

**Elizabeth Yorke**  
Food Curious

**Hari Prasad**  
Beyond Sustainability  
Network

**Mahesh Londhe**  
AgroZee Organics  
Pvt. Ltd

**Nithin Anil**  
Team Starbase Pvt  
Ltd

**Purav Desai**  
Refillable Circular  
Solutions Pvt. Ltd.

**Raviprakash Shrivastava**  
Zerotrash Innovations  
LLP

**Rushi Agarwal**  
Loop

**Rujnesh Bargal**  
Vanya Environmental  
Solutions Private  
Limited

**Shehnaz Khan**  
Green For Nature  
Pvt. Ltd.

**Sheikh Ziaur Rahaman**  
Rau Ecotone Private  
Limited

**Rajneesh Kumar Patel**  
iREFILL Private  
Limited

Our climate cohort was selected was over **150+** candidates. They have raised **1.44Cr** so far and will complete the **UnLtd India program in March 2024**.

# UnLtd India

## 2023 At A Glance

Number of entrepreneurs supported this year:

48

Number of lives impacted:

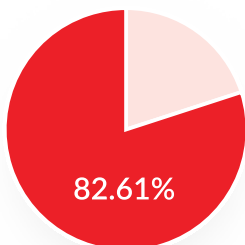

99,317+

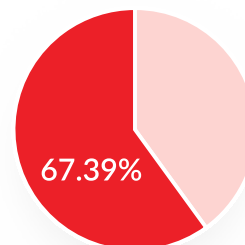

Funds raised by our entrepreneurs:

15,88,39,135+

Our Social Entrepreneurs are able to pitch their idea confidently after our program.

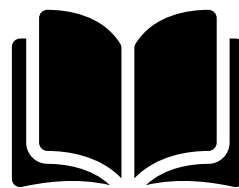

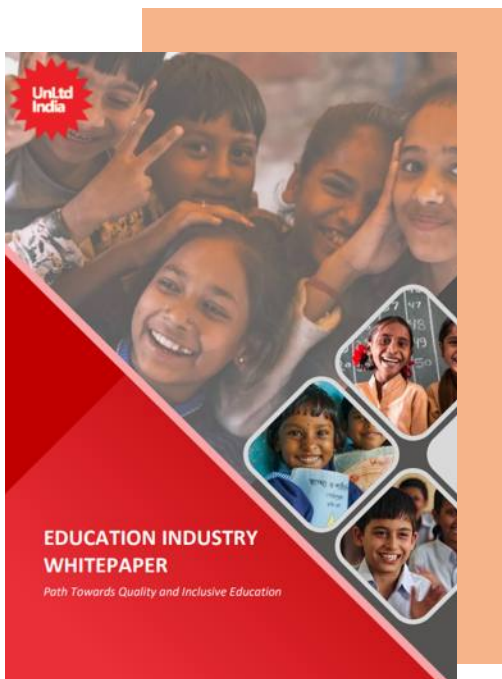

Our Social Entrepreneurs are able to leverage their network of peers and open doors for partnerships, supporters, and more after our program.
